

Students/ PhD's attention!

To all students planning to attend the
EWDA meeting in Rovinj, Croatia, October 2-5:

Participate in the EWDA Student Mixer 2008!

When?

It will take place on the day preceding the start of the conference (October 1st, 2008) from 14:00 to 19:00.

Where?

On the beach in the vicinity of our venue!

Why?

Attending a congress is much more fun when you have people around you to share your interests and new input with. Especially for the new attendees, mostly students, this is not always easy. Maybe this is your first time going to an EWDA congress, and you don't know many other people going there? Maybe you do know other people there, but you would just like to meet more students with the same interests? Whatever the reason, plan to attend the EWDA Student Mixer 2008! It is fun and free!

What to do:

Schedule your trip to arrive on the morning or early afternoon of October 1st, and write an e-mail to l.begeman@students.uu.nl to let us know that you would like to attend the student mixer. More information will follow shortly.

What to expect:

As mentioned before, it will take place from 14.00 to 19.00.

Further surprise, surprise, but some hints: it has something to do with a little bit of exercise, getting to know the surroundings of our venue, and learning to manage a kite.

And:

If you miss the start, don't hesitate to join us anyway! Directions on how to find us will be left at the venue.
